CO: Staff Captain Tichy

7th Co "o", CO: Senior Lieutenant Karel Pisan
8th Co "p"
9th Co "r"

One signal company
One motor transport company (Parkova rota) allegedly subordinate
to a Pilsen (W 50/L 04) unit and only attached to the regiment. (4)

5. Armament and equipment:

a. The 7th CO had German rifles and light machine guns and
Soviet submachine guns with drum magazine.

b. The MT Co was equipped with:

Twelve Studebaker trucks
Six track-laying vehicles of unidentified type
Eight Bren-carrier half-track motor vehicles (Bren-carrier)
About 30 amphibious jeeps
About 30 Jawa motorcycles
Twelve draft horses and four riding horses.

6. Training: Following a six-week basic training period with the
companies, troops specialized in water service, bridging and
handling mines. The water training area was on the Otava River
near Pisek. Night exercises were held twice a week. Food was
prepared in field kitchens and issued under simulated field
conditions in the surroundings of the military post on three
days in the week. Alarm exercises were held at least once a
week. (5)
